FANTASTIC LEAD TIMES

WHO WE ARE

A world player in major music manufacturing, DMS has grown organically alongside some of the now-most successful independent labels out there today. Competitive on price, unbeatable on quality and with some of the fastest lead times around, we pride ourselves in our capacity to handle everything from incredibly complex vinyl box sets with specialist inks and print finishes, to the simplest of short-run CD, DVD and cassette products.

Our friendly team are comprised of musicians, artists and record store crate diggers, fuelled by the passions of the independent sector to strive to make a lasting difference to local and international music scenes.

In our free time, the DMS family are gig-goers and songwriters, photographers and event organisers, vinyl ambassadors, community activists and inherent believers that music is one of the most vital cornerstones of our society.

TRADING 20+ YEARS

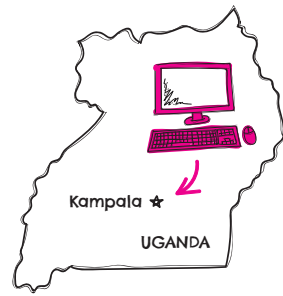

born in the South West over 20 years ago, DMS has grown to become one of the key players in the manufacturing game

"The products and prices are great but it's the customer service which has really kept us coming back. Always in contact and happy to help"

- KEV | BIG SCARY MONSTERS

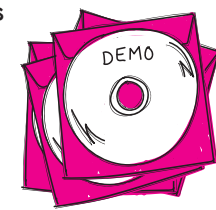

ENVIRONMENTAL AMBASSADORS

we've always been conscious of our footprint, and we encourage our clients to do the same wherever possible

COMMUNITY FOCUSED

we have a rich history of supporting local creative ventures, educational projects, grassroots music venues, and emerging artists and labels

RIPPLE

the number 8, 9 and 22 blends are a range of set colour combinations with a huge variety of options. from creamy pastels and shimmery metallics to smokey shades and bright blends, there are over 135 to choose from!

why not try combining multiple effects?

many of our effects can be combined for a truly unique record

SURFACE EFFECTS

No one likes leaving one side of their record blank, and you don't have to. Check out the options below to really make your release stand out from the crowd.

SHAPED

make your records in all sorts of weird and wonderful shapes!

smaller cd-sized circles, or custom shapes like stars, hearts or triangles

ACID ETCHED

a traditional method for etching records

subtler than laser etching, but fantastic quality

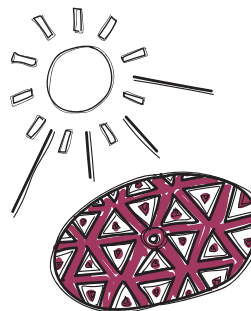

SCREEN PRINTED

when a mirror finish or silent groove just won't do!

if you're only pressing one side of audio, spice up side b with a screen-printed design

UV PRINTED

we can also print your CMYK or black and white image using UV printing

P.S: you can also make your mark on your records by engraving your artist, label or company name into the runout groove. There is space for a maximum of 60 characters per side, including any spaces.

#24 PURPLE RAIN

OTHER OPTIONS

PICTURE DISCS

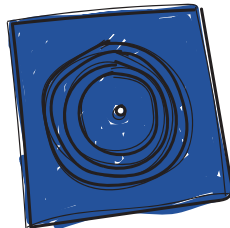

printed material sandwiched between a clear plastic compound into which the grooves are pressed

popular since the early 70s, they are especially suited to limited edition pressings + collector's items

"DMS are the absolute best in the business, we'd never go anywhere else."
- CARGO

FLEXI DISCS

made with printed cardboard + coated with standard machine varnish

made from a thin flexible PVC compound with a one colour stamped hot-foil design

FLEXI POSTCARDS

great ways to distribute creative promotional material!

ECO MIX VINYL

pressed using 100% recycled compound, made from leftover materials from other pressings

fast becoming our most popular colour option for the environmentally conscious!

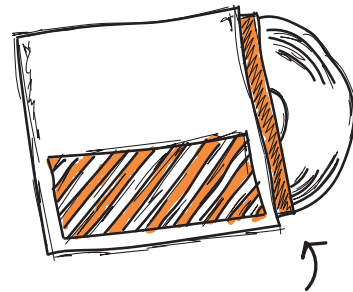

creating a completely random and unique effect with Lucky Dip, or choose which colour range you would prefer from a set collection of colours

"We've gone down the Ecomix route on a number of releases. It's amazing we can now incorporate an element of recycling in the production process. Plus the results are always surprising and unique."

GATEFOLDS

sturdiest standard sleeves in the game

ECO-PACKAGING OPTIONS

FSC-CERTIFIED STOCKS

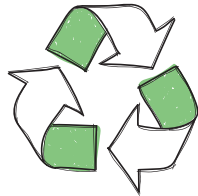

Our eco range is constantly evolving, give us a call on +44 (0) 1752 201275 if you're looking for something specific.

the majority of printed materials you can order are available with FSC certificates and provide the best ratio of eco-responsibility and quality

if we allow additional time we can ensure FSC certified stocks and appropriate logos/identifiers are added to artwork too

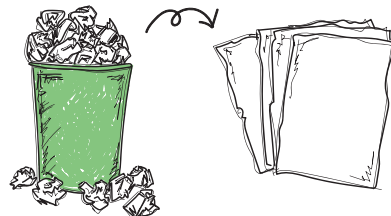

RECYCLING OPTIONS

goods are shipped in up to 93% recycled and 100% recyclable shipping boxes

RECYCLED STOCKS

we can offer various recycled stock options

We've campaigned for over a decade to spotlight the amount of plastic in our oceans, polluting our beaches and killing our wildlife. We take an active stance on reducing our carbon footprint, and strive to provide environmentally-conscious packaging solutions wherever possible.

100% RECYCLED POLY OVERBAGS

ECO-FRIENDLY BIO-WRAP

conventional shrink-wrap is a disposable plastic component; this can be substituted for 100% recycled PE over bags or eco-friendly bio-wrap

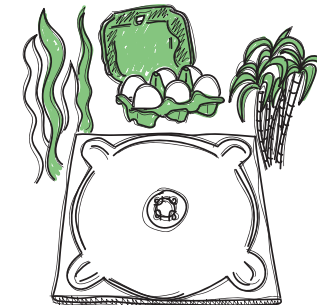

VEGETABLE INKS

raw plant-based inks and water-based dispersion varnishes are used as standard (on non UV printed materials). plant-based inks do not contain any cobalt or mineral oils

ECO CD DIGIPACK TRAYS

made from seaweed, egg carton material or sugar cane instead of plastic

#7 PALE GREEN STARS

EXTRAS

BOOKLETS, INSERTS & POSTERS

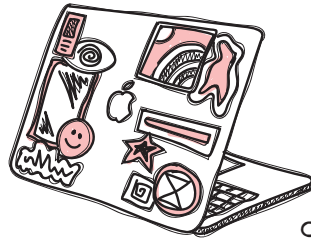

consider a printed insert, or go all out with a poster for your fans' bedroom walls

got lots of images or information to include? consider a lyric sheet or multi page booklet

STICKERS

we offer high quality advertising stickers in all shapes, sizes and materials

draw extra attention to your records or CDs or the extras found inside!

BARCODES

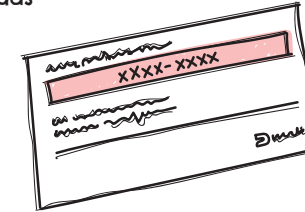

we can generate a barcode and add it to your artwork

Make your releases stand out from the crowd with the addition of booklets, download cards and stickers, to name a few. Check out some of our most popular extras below.
